District Superintendent's Report

Orangeburg County Consolidated School District Three is committed to ensuring that each student possesses the skills necessary to be a lifelong learner and a responsible, productive citizen in a global society. With high student academic achievement as its primary goal, the district continues on a plan that focuses on improving teacher quality and strengthening teaching and learning. In addition to daily instruction, the district offers opportunities for student growth through numerous programs that include before and after school tutoring, homework centers, summer school, summer enrichment program, and extracurricular activities. Parental and community support is encouraged and embraced at each of the district's schools.

The district is comprised of Holly Hill, Elloree, and their environs, to include the townships of Eutawville, Vance, Providence, and Santee. Orangeburg County Consolidated School District Three is located in the lower southeastern part of South Carolina. The administrative office for the district is located near the intersection of Highways 45 and 310. This office is approximately 45 miles northwest of Charleston, South Carolina, and 75 miles southeast of Columbia, South Carolina. The district serves approximately 3,136 students in one high school and a technology center, one middle school, and four elementary schools.

Understanding that today's educators face an increasingly diverse student population in a society that is increasingly driven by technology, the district strives to offer professional development that is meaningful and engaging. With that in mind, professional development is designed to address the needs of educators, administrators, and support staff who are committed to continuous growth. There is a focus on relevance and rigor in the curriculum; and the delivery of instruction in the district's schools is designed to ensure that every child has the opportunity for academic achievement.

The district's high school, Lake Marion High School and Technology Center, is a state of the art facility near Santee. It was completed in 2005, consolidating Elloree High School and Holly Hill-Roberts High School. The school offers an array of courses and academic and social opportunities for traditional students and members of the community. A member of the High Schools That Work network, the school also participates in the College Summit and AVID programs during the school year. A partnership with Orangeburg-Calhoun Technical College has resulted in a number of initiatives, including community technology centers, tutoring, dual credit courses, and virtual high school courses. Because of its convenient access, facilities, technology, and other resources, Lake Marion High School and Technology Center serves as a focal point for the district's staff training and professional development.

The district's location in the state also provides many opportunities for higher education for its students and continuing education for faculty and staff. There are a number of colleges and universities in Charleston, Orangeburg, and Columbia; and all three cities have technical colleges.
